## FACULTY WORKSHOPS - APRIL 9, 2013

	Classroom A	Classroom B
9:00-9:50	Super Search: Transforming the Virtual	Copy Materials with Peace-of-Mind Knowing it is
(50 minutes)	Research Experience	Fair! Workshop on Brock's New Fair Dealing Policy.
(50 minutes)	(Colleen MacKinnon)	(Deb Kalvee)
	Learn about Brock's new Web Scale Discovery Tool. What is it and why do we need it? Why we still need traditional discovery tools. Review insights from usability testing pre and post SuperSearch. Haven't tried it yet? What better time than now!	On February 14, 2013, Brock adopted a new Fair Dealing Policy. The new policy reflects changes to the law and recent guidance from the Supreme Court of Canada on the scope of the fair dealing exception. To help you understand the new policy, and what it will mean for instructors and students, the Library and the Centre for Pedagogical Innovation is presenting a workshop.
9:50-10:00 (10 minutes)	Coffee Break in ST211	
10:00-10:50	"Photo-shop"	Introducing Advantage Plus!
(50 minutes)	(Elizabeth Yates)	(Laurie Morrison)
,	Where to find images for your teaching and research. Focusing on freely available sources of imagery as well as robust subscription products such as ArtStor. I'll touch on the implications of new fair dealing legislation for using copyrighted imagery as well as images from the Internet.	If you've ever questioned whether a student understands what "peer-reviewed" means, or wondered if you're facing an issue of academic integrity with a student submission, this workshop is for you! Introducing, Advantage Plus, a fully customizable online learning resource provided by the Gibson library.
10:30-10:50 (10 minutes)	Coffee Break in ST211	
11:00-11:50 (50 minutes)	"Library Instruction, Just In Time" (Marcie Jacklin) This workshop will demonstrate how YouTube videos embedded into Sakai quizzes and online research guides can provide students with research assistance at their point of need. In this session you will learn how YouTube analytics can help educators understand when students are looking for research assistance, how they access the video tutorials (mobile device, YouTube, or web page), and what they are looking for help with.	The cost of knowledge, open access, & research impact (Elizabeth Yates & Ian Gibson) Part 1: cost of knowledge and alternative of open access – models, challenges, etc.  Part 2: Measuring research impact – challenges to traditional measures - alternatives to traditional measures
11:50-12:00 (10 minutes)	Coffee Break in ST211	
12:00-12:50		Research Data Management
(50 minutes)		(Heather Whipple & Lisa Snider) It's never too early to start thinking about what to do with your data before, during, and after analysis. Research data management attempts to plan ahead for short- and long-term access, use, and protection of this cornerstone of scholarly activity. For both qualitative & quantitative researchers.
