

Accessible information and communication

It is our [policy](#) to ensure that any of our public information can be made into accessible formats upon request. The University also provides communication supports upon request. This includes information posted on our website, feedback processes, emergency procedure information and library materials.

[Student Accessibility Services](#) (S.A.S) in conjunction with the James A. Gibson Library are responsible for providing accommodations to students with disabilities through consultation with individual making the request.

Emergency information is the responsibility of [Health, Safety and Wellness](#) and [Emergency and Life Safety Department](#) which can create alternative formats or [individualized emergency plans](#) if required.

To make an inquiry about alternative formats of health and safety information email besafe@brocku.ca or for more information contact Rick Fraser, Manager of Emergency Management and Life safety at rfraser@brocku.ca or 905 688 5550 ext 3130.

Emergency information can also be obtained easily through the [Brock Mobile App](#) which allows access to campus services 24 hours a day. Accessible information and communication for employees be found by viewing the [accessible employment](#) webpage.

For requests from the public and visitors regarding alternative format and communication supports please contact Christopher Lytle, AODA Coordinator at clytle@brocku.ca or 905 688-5550 ex 5454.
