June 2021

## Registration planning Year One Sport Management students/ Fall2021:

Welcome to the first step in your Brock SPMA student experience - planning for, and then participating in, 2021-22 Fall/Winter course registration! This process is one of the most important steps you will take annually on the way to your Sport Management degree.

Attached is a Sport Management year one registration help document which provides essential information specific to first year SPMA majors, to aid in course selection (both your major and elective/context courses) and schedule planning (for both terms) which must be done prior to your registration opening date of TUE July 6 at 6 am. (it is recommended on your registration day, that you sign into the registration queue when it opens at 6 am)

**REGISTRATION PREP SESSIONS:** The Experience Brock team is offering a series of one hour registration prep sessions running in June and early July specifically for new students - these sessions are very useful and SPMA strongly encourages our new majors to take advantage of this resource. To sign up for one of these sessions go to this page: [Experience Brock at an Information Session - Discover Brock University](#) . Scroll down the page to the Calendar (June, July) at the bottom. Click to register on the date/day that fits for you.

**SMART START:** Brock's excellent year one transition resource. This "new student" program is delivered by a combined team of university personnel and 20 plus outstanding student staff, whose expertise is solely focused on assisting new students preparing for their first year at Brock, including reviewing your registration/course schedule...the kick-off event happens **Saturday, July 10th at 11 a.m. - 2 p.m.** and then the program/services continue throughout July and August. To find out more and to register for Smart Start go to this link: [Smart Start - Discover Brock University](#)

As the Sport Management academic advisor, I provide registration support and advice to all SPMA majors from years one through four. Given the volume and variety of requests, most registration help/problem solving during the June/July period is provided via email. If sending me an email, please provide specific questions regarding any registration concerns you have or clarifications you need- this helps me reply to you/provide the assistance you need, much more efficiently.

If an appointment is essential during this period, then that would be arranged through me directly (email) and would be online through MS Teams or by phone if the student prefers. During Covid, I work remotely and so would initiate phone appointments via my home office.

The attached SPMA document, the Experience Brock Registration prep sessions, Smart Start and the Brock online Registration Guide are your important primary sources of year one registration help.

Looking forward to meeting you all in the Fall at Brock!

Stephanie Brooks, MA  
Undergraduate Co-ordinator/Program Advisor
