Faculty of Applied Health Sciences

Celebration of Outstanding Achievements

Wednesday Dec 6, 2017
Sean O’Sullivan Theatre
Brock University
Message
from the Dean

Welcome to the inaugural Faculty of Applied Health Sciences Celebration of Outstanding Achievements reception!

It is always a very special occasion to celebrate the students who make the Dean’s Honours Lists, and this year we are delighted to extend the celebration and recognize many other noteworthy students within our faculty. The opportunity for us to showcase those undergraduate students within our faculty who have received prestigious awards or recognition throughout the past academic year is very special.

Our graduate students continue to make us proud as they are dedicated to advancing research while excelling in their fields. In this regard, receiving significant financial support for their research from major granting councils across the country as well as other important recognition of their accomplishments are very important achievements.
This year we are also celebrating the 2016/17 accomplishments of our innovative and inspiring faculty. Leaders in their fields, the Faculty of Applied Health Sciences is comprised of world renowned professors and researchers who are dedicated to lifelong learning and pushing the limits of research.

We are proud of their accomplishments and acknowledge that their commitment to academic excellence is truly inspiring. There is so much to celebrate, and we are pleased to take the time to recognize the great support and success within our faculty and Brock University.

On behalf of the Faculty of Applied Health Sciences, I thank everyone for joining us today as we recognize and celebrate the many successes of our students and faculty members.

Peter Tiidus, Ph.D.
Dean, Faculty of Applied Health Sciences
Celebration of Outstanding Achievements

Welcome and Congratulations

Peter Tiidus, Dean
Faculty of Applied Health Sciences

Gervan Fearon, President and Vice-Chancellor
Brock University

Keynote Address

Unstoppable Tracy Schmitt (RECL ‘95)
Brock Alumna

Matthew Mallette (MSc ‘15)
Applied Health Sciences, Doctoral candidate
Health Biosciences

Award Recognition

Faculty Awards
Graduate Student Awards
Undergraduate Student Awards
Dean’s Honours List

Presented by
Nancy Francis, Associate Dean, Undergraduate Studies and Nota Klentrou, Associate Dean, Research & Graduate Studies
Unstoppable Tracy has climbed mountains in Nepal, captained 110-foot-tall ship in the Eastern Atlantic, won a bronze medal in para-alpine skiing trial and she’s funny too.

Oh, did I mention she was born a 4-way amputee?

Unstoppable Tracy is an award-winning Leader, Humanitarian, Advocate, Decorated Athlete, International Speaker delivering the Lim[b]itless Secret.

Tracy doesn’t just talk high performance in business…she lives it.
Let Unstoppable Tracy transform an Unstoppable YOU in business and in life!

Unstoppable Tracy Schmitt (RECL ’95) is a Brock Alumna who has shared the stage with Jane Fonda, Al Pacino, Mel Gibson, Mark Whalberg and more!

She is the winner of the 2017 Robert W. Jackson Award, 2017 Ontario Premier Awards Nominee and 2018 Women of Essence Global Award Nominee.

Now she adds author to her long list of amazing accomplishments. Cup of Chicken Soup for the Soul has endorsed her book *Unstoppable YOU; Exceed Uncertainty, Embrace Possibilities, Earn Independence.*

Her mantra, If I Can Do It You Can Do It! What's Your Excuse?

unstoppabletracy.com
For as long as I can remember, I’ve been curious about how my body reacts to different environmental stressors. This curiosity likely came from growing up in Collingwood, Ontario, where I spent my winters skiing and snowboarding, and summers cycling on the endless hilly roads and trails.

I quickly saw the enormous impact that the environment could have on my body, and how well I performed on any given day.

I found myself constantly asking “Why couldn’t I make it this time?” or “How did I end up on the side of the road?”, after passing out one time while cycling.
This led me to the field of Environmental and Exercise Physiology, where I have been able to explore the impact various types of environmental stress have on the body.

It is these questions, and curiosity which fuels my passion for research.

Throughout my Masters and Doctoral studies, I have been very fortunate to receive funding through Brock University, an Ontario Graduate Scholarship, a Queen Elizabeth II Graduate Scholarship in Science and Technology, and most recently, a doctoral NSERC postgraduate scholarship.

I feel that my greatest accomplishments to date is my strong publication record at such an early point in my career.

I hope that as I move forward in my career, I continue to ask myself “why” to firsthand experiences, allowing this curiosity to continue to drive my passion for research, and foster my development into a professor position.
Faculty Awards

2017 3M National Teaching Fellowship
Tim O’Connell, Professor
Recreation and Leisure Studies

2017 Best Paper Prize
*Physical Education and Sport Pedagogy*
Timothy Fletcher, Associate Professor
Kinesiology

2017 Faculty of Applied Health Sciences Award for Excellence in Research
Anthony Bogaert, Professor
Health Sciences

2017 Faculty of Applied Health Sciences Award for Excellence in Teaching
Kirsty Spence, Associate Professor
Sport Management

2017 Brock University Award for Distinguished Research and Creative Activity
Stephen Cheung, Professor
Kinesiology
Canada Research Chair in Environmental Ergonomics
2017 Marilyn Rose Graduate Leadership Award
Nota Klentrou, Associate Dean
Research & Graduate Studies
Professor, Kinesiology

New Investigator Review Award
*American Journal of Physiology*
Rebecca MacPherson
Assistant Professor, Health Sciences

Faculty of Applied Health Sciences

The health of people, families, organizations, and communities is a shared and fundamental responsibility. We are dedicated to understanding health broadly to help gain, maintain, and restore it.

Through progressive teaching and research, our students and faculty examine topics that range from developing forward-thinking health policies benefiting specific groups, to revolutionary health care delivery that treats the individual.

We are proud of our large and accomplished students, faculty and alumni, whose careers and achievements help make the world a healthier place.
