**Note:** This opportunity is intended for exceptional students, who show clear potential and evidence to undertake and complete a doctoral degree. Evaluation criteria include (but are not limited to) a minimum overall average of 90%, a minimum grade of 88% in all scheduled graduate courses, and a publication record appropriate for the applicant's stage of career. After being transferred to the doctoral program, students who may have difficulties advancing in the program are eligible to return to the Masters program and earn their Master's degree without reapplying for admission.
