

Special VR Project for Dr. Luke 5P76 Winter 2021, 1-30 April

5P76 Student Responsibilities to receive full project BACB credit hours and/or course credits

1. Student is responsible to arrange for receipt of headset and any other equipment and follow on-boarding instructions.
2. Student is responsible to complete each of the PSI Modules posted in Sakai under the left menu, Special VR Project, on their own time.
 - a. Familiarize yourself with VR equipment and VR environments and test and explore both equipment and environments.
 - b. Literature review-find and read 3-5 articles, submit reference list only.
 - b. Write 1 brief (1-3 paragraphs) reflection, following prompts.
3. Student is responsible to sign up for and attend 4 group supervision sessions (Sessions will be scheduled at a variety of times to accommodate all students) for 10% total supervision.
4. Student is responsible to sign up for and attend 4 individual supervision sessions (Sessions will be scheduled at a variety of times to accommodate all students but should be scheduled for the same days as you are attending client sessions for 5% total supervision.
4. Student is responsible to sign consent forms for community partner, sign up for, and attend 4 client sessions (Sessions will be available M, T, W, and F 12:30-12:45, 12:45-1pm). *
5. Student is responsible to complete a student evaluation of the project online at the end of the project.
6. Student is responsible to arrange for return/pick-up of equipment.

5P76 Student Benefits

1. BACB Intensive Supervised Practicum 75 hours with documentation provided. **
2. Students who participate will have the option for credit from the project to be awarded towards course work requirements.

All students, regardless of their level of participation, will be required to complete the student evaluation survey.

*Additional choices for client sessions may be available. Students who cannot attend client sessions will work with the project supervisors to find alternatives.

**Students who cannot complete the entire project will work with the project supervisors to receive credit for the practicum hours they do complete. Minimum expectation is to complete the above listed responsibilities 1, 5, and 6.
