For Immediate Release

CCOVI Creates New “Fellows” and “Professional Affiliates” Designations

With a desire to expand the opportunities for researchers at Brock University, for leading researchers outside of Brock and for influential individuals associated with our industry partners, CCOVI has developed two designations: “CCOVI Fellow” and “CCOVI Professional Affiliate”. With these two new designations, recipients can now be formally associated with CCOVI and can aid us in our research and teaching programs. These individuals will be presenting important seminars and workshops in addition to sitting on advisory committees. Fellows and Professional Affiliates are also expected to carry our message forward to the community (both locally and internationally) and encourage research related to the Canadian grape and wine and associated industries.

The first inductees to these prestigious posts with a renewable three year term are (by category and alphabetical order):

**CCOVI Fellows**

**Dr. Pat A. Bowen**  
Plant Physiologist, Viticulture, Pacific Agri-Food Research Centre, Summerland, BC
