5:00	Completion of Vineyard Visits – thank you to our site co-operators.	

Date: Thursday, September 8, 2005

Public Lecture:

Could Niagara be the next New Zealand?
Premium Wine Growing in a Cool Climate

Location: Sean O’Sullivan Theatre, Brock University

Time: 7:30 p.m. / Reception to follow

Dr. David Jordan is a well-known viticultural consultant based in Auckland with premium wine producing clients throughout New Zealand and Australia. With twenty-two years of experience working in the grape and wine industry Dr. Jordan operates Vine to Wine, established in 1994. Previously he was the National Viticultural Research Scientist for New Zealand’s government research institutes of MAF and HortResearch.

David’s viticultural philosophy reflects a blend of an understanding of vines and commercial frameworks. He was at the forefront and continues to have input into the very successful Sustainable Winegrowing of New Zealand program that has promoted sustainable vineyard practices.

Please visit: www.brocku.ca/ccovi for Dr. Jordan’s bio, Curriculum Vitae, Vineyard maps for site locations as well as the University campus map for lecture location.

Admission is FREE but RSVP is required: 905-688-5550, ext. 4652 or e-mail: ccovi@brocku.ca
