

THREE STAGE REOPENING PROCESS

Similar to the Provincial [Roadmap to Reopen](#), Brock University has amended its processes to consist of stages that outline operational functions or activities that may be approved, subject to applicable Public Health recommendations and regulatory requirements.

Provincial Lockdown	Brock 1	Brock 2	Brock 3
Restrictive	Stringent	Intermediate	Protect and Prevent

The following chart is intended to serve as a high-level reference to support planning efforts as Brock University adapts to changing risk levels associated with the COVID-19 pandemic. Brock University must remain prepared to pivot between stages as circumstances dictate. It is important to note that the University will not transition to a less restrictive stage of recovery unless the relevant recommended Public Health measures have been implemented and regulatory requirements are satisfied. Please consult the Brock Coronavirus FAQ for further detail: <https://brocku.ca/coronavirus/faq/>.

OPERATIONAL STATUS AND STAGE OF RESPONSE/RECOVERY

Operational Unit	Lockdown	Brock 1	Brock 2	Brock 3	
ACADEMIC	Academic Class Delivery	Online - unless qualified for provincial exemption	Primarily online with limited on-campus classes	Primarily online with limited on-campus classes	In-person/hybrid delivery subject to restrictions
