

INSTRUCTIONAL RESOURCE CENTRE 3D PRINT REQUEST FORM

Please note the maximum build size for your model cannot exceed **25.2cm length x 19.9cm width x 15cm height (9.9” length x 7.8” width x 5.9” height)**.

Supported file types are **.STL, .OBJ and .THING**.

We currently offer 3D printing in PLA plastic of various colours. Your design may be of a single colour only. If your design has multiple parts, each part may be of a different colour. Each part should be uploaded in a separate file.

Your design will be charged by weight of the amount of plastic consumed. The current price is **.12 cents per gram before HST**. Rafts and supports will be added as needed and charged at the same rate.

The time it takes for a design to be printed can be substantial. **Please allow for turnaround time of at least 96 hours**. As a rough approximation, our 3D printer prints at a rate of about **8 grams per hour**. As an example, a small project such as this stretchy bracelet found on Thingiverse (<http://www.thingiverse.com/thing:13505>) would take about an hour to print and would cost .86 cents (including the raft).

Details About Your Design
