Transdisciplinary Sustainability Seminar Series

Innovative Community Partnerships in Action: The Role of Higher Education Institutions and Knowledge Mobilization

Organizations across Canada are facing unprecedented challenges and opportunities - partnering with a higher education institution (HEI) can help to navigate them. The purpose of this presentation is to provide an overview of these formalized partnerships between Brock (via the ESRC) and these organizations. In particular, it will focus on how these partnerships have enabled capacity building and knowledge mobilization, important learning lessons (benefits and challenges) of partnership work, and how the ESRC is establishing, maintaining, and measuring partnership success.

Dr. Marilyne Jollineau
Associate Professor, ESRC
Brock University

Amanda Smits
Centre Administrator, ESRC
Brock University

January 21, 2020 | 10:00am - 12:00pm | Cairns 207

Everyone is welcome.

This seminar series is held as part of the Master of Sustainability transdisciplinary seminar course (SSAS 5P04)
