Toromont Construction Graduate Sustainability Scholarship Application

This award is administered by the Environmental Sustainability Research Centre (ESRC) in conjunction with Facilities Management. The award provides financial assistance to registered students in good standing in the Sustainability Science and Society (Master of Sustainability) program.

There will be three scholarships awarded to graduate students at Brock University, who are studying in the Master of Sustainability program (in good standing), in the amount of \$1,000 each. The three designations are as follows: one current students in Scheme A, one current student in Scheme B, one incoming student who will begin their studies in the Fall of 2018 in the program. Please see table below for program-specific submission questions which should be addressed in 1500 words or less. Application criteria consideration includes both the written submission, as well as final course grades (unofficial transcripts).

Please submit your application form to sustainability@brocku.ca by 11:59pm on Wednesday, August 22, 2018. Submissions will be reviewed and successful applicants will be notified via email by September 7, 2018. Note: Winning submissions may be posted on Brock websites and social media accounts.

Name:

Student ID and email:

Date of application:

***NOTE: Please include copy of your unofficial transcripts with application and written submission.**

Master of Sustainability Applicant Designations	Submission Questions
Scheme A (currently enrolled in spring/summer 2018)	How has your practical experience in the co-op stream impacted your outlook on the future of environmental sustainability? And how has the organization you've worked with through your co-op placement chosen to integrate environmental sustainability in practice?
Scheme B (currently enrolled in spring/summer 2018)	How have you integrated sustainability science into your research? What impact do you hope your research will have?
Incoming Master of Sustainability Student (Fall 2018)	Why did you choose to study sustainability science at Brock? What about the program appealed most to you?

Have you received any funds from ESRC this academic year? If yes, for what amount?
