Advanced Financial Statement Analysis

GDAC Convocation: June

Students who achieve an overall average of 75%, with no grade below 70%, in the Graduate Diploma in Accountancy (GDAC) program may transfer directly to the Master of Accountancy degree program (MAcc) with the approval of the Goodman Graduate Programs Office. Those students who opt to transfer to the MAcc will not receive or will relinquish the Graduate Diploma in Accountancy and instead may use the GDAC earned credits to fulfill half of the MAcc degree requirements.
