ACADEMIC PROGRESSION REQUIREMENTS

Critical to your success.

MBA and MBA (ISP)

Students must maintain a minimum cumulative average of at least a B- (70 per cent) during each term of study. If you fall below the minimum cumulative average, you will be placed automatically on academic probation for the subsequent term by the Faculty of Graduate Studies. Students with three grades of C must repeat one course and achieve a grade of at least B to complete their degree requirements. If you have more than three grades of C, you may be withdrawn from the MBA or MBA (ISP), at the discretion of the MBA committee. If at any time your overall average drops below B, you may be withdrawn from the MBA or MBA (ISP).

Students who are withdrawn from the MBA or MBA (ISP) as a result of academic performance and are readmitted in a subsequent term or year must achieve a grade of least B in each course. If readmitted and you fail to achieve a grade of at least B in one or more graduate courses, you may be withdrawn from the MBA or MBA (ISP) without the option of future readmission.

MAcc and MPAcc (ISP)

Students are permitted to count one grade of C for graduate credit toward their degree requirements. If a student achieves two grades below B in their first full-time term (or equivalent) of graduate study (post-transition term) or a total of three grades below B over the two full-time terms (or equivalent) of graduate study, the student may be withdrawn from the MAcc or MPAcc (ISP), as applicable, at the discretion of the MAcc committee. If at any time a student's overall average drops below B, the student may be withdrawn from the MAcc and MPAcc (ISP), as applicable. The number of credit hours per course will not be considered in determining student progression.

Students who are withdrawn from the MAcc or MPAcc (ISP) as a result of academic performance and are readmitted in a subsequent term or year must achieve a grade of least B in each course during the period of readmission. If a readmitted student fails to achieve a grade of at least B in one or more graduate courses, the student may be withdrawn from the MAcc or MPAcc (ISP), as applicable, without option of future readmission.

Transition Term – MPAcc (ISP) only

Students who do not meet these requirements will be withdrawn from the MPAcc (ISP) program:

- A student must achieve a minimum grade of C in each course in the Transition Term.
- A student must achieve a minimum average of B in all accounting and finance courses in the Transition Term.
- A student must achieve a minimum average of B based on all courses.

MSc in Management

Students must maintain a minimum cumulative average of at least a B- (70 per cent) during each term of study. If you fall below the minimum cumulative average, you will be placed automatically on academic probation for the subsequent term by the Faculty of Graduate Studies. Additionally, a graduate program may recommend required program withdrawal. A probationary student must achieve the minimum cumulative average, normally during the probationary term, to be eligible to continue as a graduate student.
