IMPORTANT INFORMATION FOR INDEPENDENT STUDY STUDENTS AND SUPERVISORS:

1. Nature and Extent of Independent Study:

- The nature and extent of the independent study project is determined between the student and the supervisor.
- Students and supervisors often ask if there is a required number of hours of work that a student must complete during the independent study course. While there is no specific requirement, previous supervisors have used the general guideline that students in MBAB 5F91 normally spend about 220-250 hours on their full-credit project. Students in MACC 5P91, 92 or 93 often spend about 110-125 hours on their half-credit project.
- The project proposal form requires the approval of the Associate Dean for Graduate Programs.
