

TIMETABLE WORKSHEET - WINTER (D1 & D3 COURSES ONLY)

This worksheet will help you to keep track of courses you wish to register in. Once you have registered in a course, the Course Locations and Times screen will display a printable version of your schedule.

Read over the schedule planning tips on the previous page before building your weekly schedule. For each course component, record the course code, component type, and section number in the corresponding time slot. This worksheet can also be used to keep track of your registration progress, simply mark off the time slot for courses you successfully register in.
