CONSULTATION

Once the applications are reviewed by the program admissions committee, stage-two consultations will be offered. This process will be ongoing, please stay up to date with your emails. The following questions are examples of questions asked during the consultation, please review. Additional questions will be asked in relation to your application, providing the opportunity for you to expand. As this is a student-centered program, this consultation will help provide insights of how to best support you.

TOPICS AND QUESTIONS MAY INCLUDE:

What has your academic experience been like thus far?

- Explain why?
- What were the positives?
- How could you have been better supported?
- How would you describe your learning style?

What are your motivations?

What motivated you to apply for Indigenous Plus?

What is your goal in registering with Indigenous Plus?

What barriers have you overcome (especially in your academic journey)?

How did you overcome these barriers?

How is your connection with community and community engagement?

- How would you like to see this connection grow?
