✓ **DO:**

- Keep your computer software up to date
- Keep your working area clean and your documents secure
- Enable pin or passcode on your mobile devices
- Password protect and encrypt sensitive information
- Report all suspicious activity to IT Help Desk

✗ **DON'T:**

- Access sensitive information from a non-secure computer or mobile device
- Leave sensitive information around the office
- Leave your mobile devices unlocked and unattended
- Send sensitive information unencrypted
- Open suspicious web links and emails

THINK

For any cyber security concerns please contact the IT Help Desk at x4357 or email itsecurity@brocku.ca
