

# **Brock University**

## **Course Enrolment Report**

Department of Institutional Planning, Analysis & Performance

Academic Year 2023-24

## Introduction

The course enrolment report provides a record of enrolments for courses operated during the 2023-24 Academic Year (May 2023 - April 2024) at Brock University. The results are provided for Faculties, Departments, and Course Categories, as stated in each table's title.

Tables provide information on the course count, the course weight, Full Course Equivalent (FCE), the course enrolment, and the FCE enrolment of all courses run for the Spring, Summer, Fall, and Winter term. Where stated, the previous year's numbers are also included for comparison.

## Definitions

**Course Code:** A four digit code that includes the Year Level and Credit Value of a course. The first digit represents the Year Level. Year Level is defined in Table i. The second digit represents the Credit Value. Credit Value is defined in Table ii.

**Course Count:** Number of courses operated. This includes unique counts for all primary sections of courses. Cross-listed courses are reported only under their leader course. Courses are uniquely defined by semester, course code, course number, duration, and section.

**Course Enrolment:** The number of students registered in each primary course section as of each session's reporting date (i.e. November 1, February 1 etc.). Cross-listed courses are reported only under their leader course. Dropped/withdrawn registrations not included. Courses are uniquely defined by term, course code, course number, duration, and section.

### Course Sessions:

- 1 – Spring: Courses running from early May to mid-July, generally.
- 2 – Summer: Courses running from mid-July to late-August, generally.
- 3 – Fall: Courses running from September to December, generally.
- 4 – Winter: Courses running from January to April, generally.
- 5 – Fall/Winter: Courses offered throughout the Fall/Winter term, generally running from September to April. Course enrolments are an average between Fall and Winter registrants.

**Department:** The Teaching Department associated with each Course Code, assigned using Brock University's internal reference file, entitled "List of Subjects and Majors".

**FCE:** Full Course Equivalent, also defined as the course weight of each course. This is dictated by the Credit Value of the course number. Credit Value refers to the second character in the 4-character course code. For instance, the Credit Value for ECON 4P06 is P, which gives ECON 4P06 a course weight of 0.5, as per Table ii. Cross-listed courses are reported only under their leader course.

**FCE Enrolment:** The number of students enrolled in a primary course section multiplied by the course weight. This metric provides an enrolment equivalency per FCE.
