

Retention and Graduation Report

Brock University

Institutional Planning, Analysis & Performance

Academic Year 2023-2024

Introduction

Retention statistics show how many students return to Brock after their first year of study. This report contains retention statistics for each individual Department, Faculty, and for Brock University overall. Both overall retention and retention within the Departments and Faculties is reported to differentiate students that changed from their initial Department or Faculty.

Graduation statistics show how many students have successfully graduated within 6 years from their first year of study. This report contains graduation statistics for each individual Department, Faculty, and Brock University overall. Results for unique Departments or Faculties differentiate students graduating from the same Departments and/or Faculties entered in first year for comparison.

Definitions

Timing Definitions: The definition of “a year” for this retention and graduation report is the 12-month period from the beginning of a Fall term to the the following Fall term. The Fall enrolment status is based on the official November 1st reporting counts for the Postsecondary Financial Information System- University Statistical Enrolment Report for the Ministry of Colleges and Universities (MCU).

Retention Rates: Retention rate is the percentage of first-time, full-time Bachelors degree-seeking students in a given Fall term who returned to Brock University in a subsequent Fall term regardless of FT/PT status in subsequent years. For example, the “continue to 3rd year” rate for Fall 2021 first-time full-time Bachelors degree-seeking students is the number and percentage of Fall 2021 first-time full-time Bachelor’s degree-seeking students who returned for Fall 2023.

Graduation Rates: Graduation rate is the cumulative percentage of first-time, full-time Bachelors degree-seeking students in a given Fall term who graduated within six years. For example, the “graduated in six years” rate for Fall 2017 first-time, full-time Bachelors degree-seeking students is the number and percentage of Fall 2017 first-time, full-time Bachelors degree-seeking students who graduated from Brock University by the Fall 2023 term, including those students who completed their courses during the summer of 2023.

Notes

- Only first-time & full-time Bachelors degree-seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. The definition of first-time & full-time Bachelors degree-seeking students was redefined in 2019 as a first-time degree-seeking student (from Secondary School and Non-CEGEP) registered for ≥ 2 credits for the Fall term.
- 2nd Year, 3rd Year, & 4th Year refer to the next Fall term and the two Fall terms after, it does not refer to students' study year (i.e. program progression)
- For the Goodman School of Business, the departments listed were created using students' Program Name in their first year of studies. Students are categorized by Program Name instead of Department because Goodman students are not eligible to concentrate in a certain Department until after completion of 2 years of study.
- Concurrent BA Integrated Studies/BEEd Program only includes students in the Concurrent Education program with a Major in General Arts. General Arts includes all students in programs other than Concurrent Education with a Major in General Arts.
- Concurrent BSc Integrated Studies/BEEd Program only includes students in the Concurrent Education program with a Major in Science-General. The department of Mathematics & Science (Faculty) includes all students in programs other than Concurrent Education with a Major in General Sciences.
- Faculty of Education and Departments within the Faculty of Education are not reported as no students in these Departments or Faculties fit within the first-time & full-time Bachelors degree-seeking student definition.

Table Legend: Example

Number of registered 1st year, degree-seeking students in each cohort for the department of interest. ex: 2020 represents academic year

Number and percentage of students from each defined cohort who registered for a 2nd academic year.

Number and percentage of students from each cohort who registered for a 2nd academic year in the same department that they were registered in for their first academic year.

Percentage of students who were registered in a 2nd academic year from the total cohort for the faculty of interest.

Percentage of students who were registered in a 2nd academic year from the total cohort of first-time first-year Brock University undergraduates.

Notes:

* Only first-time & full-time Bachelors degree-seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. Definition for Full-time follows the "80%" rule, i.e. a first time degree-seeking student (from Secondary School and Non-CEGEP) registered for >= 2 credits for the Fall term.

Notes:

* Only first-time & full-time Bachelors degree-seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. Definition for Full-time follows the "80%" rule, i.e. a first time degree-seeking student (from Secondary School and Non-CEGEP) registered for >= 2 full courses for the Fall term.

Notes:

N/A - Cohort contains 0 students. Division formula is invalid.

* Only first-time & full-time Bachelors Degree seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. Definition for Full-time follows the "80%" rule, i.e. a first time degree-seeking student (from Secondary School and Non-CEGEP) registered for >= 2 full courses for the Fall term.

Notes:

* Only first-time & full-time Bachelors degree-seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. Definition for Full-time follows the "80%" rule, i.e. a first time degree-seeking student (from Secondary School and Non-CEGEP) registered for >= 2 credits for the Fall term.

Notes:

* Only first-time & full-time Bachelors degree-seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. Definition for Full-time follows the "80%" rule, i.e. a first time degree-seeking student (from Secondary School and Non-CEGEP) registered for >= 2 credits for the Fall term.

Notes:

* Only first-time & full-time Bachelors degree-seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. Definition for Full-time follows the "80%" rule, i.e. a first time degree-seeking student (from Secondary School and Non-CEGEP) registered for >= 2 credits for the Fall term.

Notes:

* Only first-time & full-time Bachelors degree-seeking students were included in the initial cohort. A student is counted as continued in subsequent years regardless of FT/PT status in subsequent years. Definition for Full-time follows the "80%" rule, i.e. a first time degree-seeking student (from Secondary School and Non-CEGEP) registered for >= 2 credits for the Fall term.
