

The engineering school of oenology at Changins

Location: Nyon, Switzerland

Profile

The school of oenology engineering at Changins (EIC Changins) is a unique school as it's the only training center of its kind in Switzerland. EIC Changins opened in 1948 in order to develop a more specific institution for higher learning in viticulture, arboriculture and oenology. Currently ***this exchange is only offered to Brock students in Honours BSc in Oenology and Viticulture*** (learn more about Changins [here](#)).
