

# About Us

Maple Lab Systems, Inc. is a 100% Canadian owned operation based and established in the Greater Toronto Area of Ontario. Founded in 2012, we are a company poised for growth. Our unparalleled depth of expertise and broad range of capabilities makes us a trusted partner for laboratories across Canada and for leading international manufacturers based in North America.

## Our Mission

Our mission is to build long-term relationships through innovative solutions, dedication, and mutual understanding that nurtures the productivity of our customers and enables us to achieve sustainable growth for a better tomorrow. We have a vision to become the market leader in Canada for the supply and installation of laboratory furniture, equipment, glassware, plastic ware, consumables, and accessories.

## Our Values

We value our professional approach, our ability to provide innovative solutions, and our dedication to be accountable to all actions and results. We adhere our commitment and strive to learn, understand, and implement new concepts with continuous improvement.
