

MATHEMATICS SKILLS TEST QUICK START GUIDE

- 1) Click the link of the class you are registered in:
 - a. Math 1P05 (Winter 2022): <https://lms.brocku.ca/x/uEB9vr>
- 2) Log in using your Brock student account.
- 3) Complete the **Student Readiness** Test with a **grade of 16 or more**.
- 4) When you are ready, start the Practice Test
- 5) Answer all the questions on the test within 120 minutes. You should practice without any aids other than pencil and scrap paper.
- 6) Click on Submit Assignment.
- 7) Make any corrections that may be flagged when clicking Submit.
- 8) If no corrections need to be made, click on Submit Assignment again.
- 9) [Review your Practice test](#) by clicking on the Gradebook link at the top left of the Maple TA window. Möbius will let you see the correct answers for your Practice Tests. Study where you have made mistakes and go through the [Review Resources](#) especially those which you have had difficulty with.
- 10) When you are ready, take the Mathematics Skills Test which will be available December 20, 2021 at 9:00 AM until 4:00 PM Friday, January 7th, 2022. You will have up to 3 attempts to achieve a grade of 14 (70%) or higher. We strongly recommend carefully going through the test and reviewing before making another attempt.
