

# MAKER DAY

Learn about makerspaces, tools and pedagogies during the UOIT maker day. Sessions will focus on math and making from K-12.

Tools include: 3-D printing, various circuit-building kits, coding, augmented reality, programmable robots and green screen.

Fantastic door prizes include: micro:bits and a ticket to Fair Chance Learning's Makey Makey certification courses.

FRIDAY, OCT. 13TH, 2017  
9AM - 4PM // **COST: \$60**  
11 SIMCOE ST. N  
OSHAWA, ON
