

FMS Entrance Awards for Black Students

The Faculty of Mathematics and Science (FMS) is pleased to offer the FMS Entrance Award for Black Students created through the FMS Dean Strategic Discretionary Fund.

The awards are available for Black students whether they be Domestic or International. Entrance awards encourage students to choose the Faculty of Mathematics and Science as a premier destination for their academic pursuits. Entrance awards will foster the next generation of brilliant student researchers to complete their graduate degrees at Brock, paving the way for an expansion of inclusiveness with the science community.

Entrance Awards Outline

Note: Award adjudication will be conducted by the Faculty of Mathematics and Science Dean's Office

Scholarship	Number available	Total Value	Financial Breakdown	Explanation
Undergraduate Level Entrance Awards	1	\$5,000	\$5000 upon enrollment in a undergraduate program in the Faculty	To encourage and support students enrolling in an FMS undergraduate program
Graduate Level Entrance Awards	1	\$5,000	\$5,000 is awarded upon enrollment in a graduate program in the Faculty	To encourage and support students enrolling in an FMS graduate program. Please contact the FMS Dean's office to inquire if your program applies.

Application Timelines:

Applications for the FMS Entrance Awards for Black students are accepted on an ongoing basis until all available scholarships are filled. Feel free to apply anytime. Four selection dates are provided to indicate when adjudication and selection are decided upon for that period. Applications will still be considered for future awards until all awards are distributed.

- July 15
- November 15
- February 15
- April 15

Eligibility:

Students that meet the eligibility components outlined below are able to apply.

- Available for Black students whether they be Domestic or International
- Must meet eligibility requirements for registration in the program of choice
- Acceptance into the program

Application Procedure:

1. Submit a brief letter to deanfms@brocku.ca in which you:
2. Include your student I.D. and Brock email address
3. Confirm your eligibility: A Black student applying to enroll at Brock University in the Faculty of Mathematics and Science
4. Identify the program you have applied to and are enrolling in at Brock University in the Faculty of Mathematics and Science
5. In your letter, please include a paragraph describing how this award will help advance your goals
6. Once your letter is submitted complete your student profile through Mybrock.ca

Terms and Conditions:

For awards that provide funding beyond the first year of study, the awardee must be a full-time student in good standing with the Faculty of Mathematics and Science to receive the designated award funds each subsequent year that funding is available.

Peter Berg, PhD
Dean, Faculty of Mathematics and Science
