Grades 7-12

Need an escape? From your job? Your relationships? The challenges that society throws at you? Come escape with us to ILKANOR, a whimsical fantasy land that provides seven special earthlings an escape from the challenges of their daily lives and an opportunity to explore different sides of their identities.

Escape to ILKANOR: A Fantasy play in Nine Chapters explores escapism and investigates some of fantasy's common tropes through whimsical stories, diverse characters, and unique fantastical creatures. Through an episodic structure and a poetic style, the play dives into themes that explore representation in fantasy, neurodiversity, disability, the importance of community and mentorship, and wrestling with identity and self-care. With a bold theatrical style that incorporates puppets, masks, and physical theatre, this is a show for anyone who enjoys transporting into their imagination.
