

VISA 4F06 HONOURS STUDIO APPLICATION REQUIREMENTS & EXPECTATIONS

STUDIO

*Deadline for application submission: **May 1***

Enrollment in the Honours Studio in Visual Arts is not guaranteed and is determined via competition. Applications are assessed by a Department Committee. This course is limited in enrollment to enable students to have adequate dedicated studio space. The course runs Fall/Winter each year. *Students taking VISA 4F06 must also take the co-requisite VISA 3Q91.*

VISA 4F06 entails advanced independent studio practice pursuing in-depth exploration of theoretical and methodological approaches to creation resulting in a critically engaged sustained body of work for public professional exhibition. The course includes readings, written assignments, rigorous critique, and the production of a substantial body of work that represents the student's own concepts and ideas as informed by research into contemporary discourses. Students are expected to work in studio a minimum of 10 hours a week. Studio space will be allotted at the beginning of the Fall term. Where possible and justified by the quality of work produced by students, the course culminates in a public professional exhibition.

In addition to the permission of the Department, students must have a minimum 75 percent major average, minimum 15 overall credits, in order to take the course.

To apply, please complete the 4F06 Honours Studio application form and all items listed on the application checklist. Submit all items as attachments in a single email.

Email your application to: artsubmissions@brocku.ca
