This three-day international interdisciplinary meeting of The Luce Irigaray Circle will be held at Brock's downtown campus, the Marilyn I. Walker School of Fine and Performing Arts, and is devoted to scholarship/creative work on, or inspired by, the thought of the contemporary French feminist thinker, Luce Irigaray. The conference theme, Horizons of Sexual Difference, brings Irigarayan scholarship into dialogue with recent discourses (i.e., trans, queer, decolonializing) in an effort to generate and mobilize productive sites in thinking that open up feminist thought.
