

# CAMPS AT HOME

## Four Season Finger Painting

### Materials:

- 4 canvases or 4 pieces of paper
- Paint (blue, yellow, red, white and brown)
- Paint brush
- Paper plate for your paint palette and mixing
- Cup with water
- Garbage bags or newspaper
- Your hands!

### Steps:

1. Lay down garbage bags or newspaper to cover your workspace as this may get messy!
2. Mix your paint to create your 4 background colours.
3. Paint the background of each of the four squares (canvas or paper) to coordinate with each season (example pictures below).
4. Leave time for each background dry - head outside for a bit of inspiration while you wait.
5. When dry, move all pieces so they are touching.
6. Paint your whole hand and wrist brown then lay it down on the middle of the four canvases with your fingers stretched out. Your arm is the trunk and your fingers are the branches!
7. Mix the colours you want for your leaves for each season and then use your fingers to paint each piece!
8. Make sure to wash your hands after each colour and at the end!
