2. The student submits a proposal to the faculty member who has expertise in the area of the proposed study.
3. The proposed study must not duplicate the content of a calendar course.
4. The student and faculty member will decide on the readings and the number and type of assignments that will make up the Directed Study. Details of these assignments are listed below.
5. Both the student and the faculty member will date and sign this Agreement and submit it to the Graduate Program Director for his/her approval.
6. Once the Graduate Program Director has approved the Agreement, the student will be instructed to register for the appropriate Directed Studies course as set up by the Administrative Coordinator.
