\*BU101 was included in the BECE & BEed orientation with no student tracking

## “” Student Feedback

- *As first-year student I was confused about a lot of things mainly academic writing and integrity. The BU4U 101 course helped me out greatly to overcome these problems.*
- *BU101 was super informative and I'm happy that Brock provides these types of resources for their incoming students! Excited for my first year!*
- *Thank you for assisting me with preparing for the school year to come. I am in third year and this was very beneficial to me. I would have liked to have this in my first year even when attending in-school classes*
