PARTY SAFE, BADGERS.

As Halloween approaches, we are mindful that the actions of students living in our community reflect on the whole student population. As a resident of your community, you are required to follow local bylaws, and are encouraged to be respectful of your neighbors and party safely if celebrating Halloween.

In addition to caring for our communities, we want our students to care for each other. If you believe someone is experiencing an overdose, alcohol poisoning or other medical emergency, call 911. The Good Samaritan Drug Overdose Act provides legal protection for people who experience or witness an overdose and call 911 for help. For full details please visit www.canada.ca/opioids.

If you are a student looking for support with neighborhood relations or resolving a conflict in your home or community, please reach out to us at ocl@brocku.ca.

All residents are encouraged to contact law enforcement if they have concerns about community members breaking local by-laws.

* A Nuisance Party is a social gathering which, by reason of those in attendance, results in one or more of the following: disorderly conduct, public intoxication, sale of alcoholic beverages, damage to public or private property, unreasonable noise or occupying the roof of a dwelling that is not intended for such use. This is not a comprehensive list. For the full definition of nuisance party visit www.thorold.ca or www.stcatharines.ca.
