Subject: **Learning Spaces Modernization Update**

brocku.ca

The Learning Spaces Advisory Group (formerly known as the Classroom Modernization and Planning Advisory Group) has been meeting monthly to consider proposals for learning space modernization projects. Projects recommended to the Provost and advanced in recent months include:

- An amalgamation of 18-seat seminar room MCC C401 and office MCC C402 to create a 30-seat seminar classroom;
- An amalgamation of lounge MCD D302 and 18-seat seminar room MCC D303 to create a 30-seat seminar classroom;
- A refresh of WH 305 to replace the projector, add a confidence monitor, and update the furniture;
- Audio-visual and IT upgrades to STH 201; and
- An additional white board added to WH208.

Several additional potential projects are being reviewed at present, with the understanding that large renovation projects can only be scheduled over the Spring/Summer months.
