You are invited to participate in a study that involves research. The purpose of this study is to understand the evolution of the Town of Lincoln coastline.

As a participant, you will be asked to submit historical photographs of the shoreline that provide as much detail about the photograph as possible to the research team (see Call for Photographs for more information on what level of detail to include in the submission).

Submission of a photograph:

- Grants to Brock University/MEOPAR licence rights to use submitted photograph on its website, social media, and other possible research uses
- Waives all moral rights with regards to such uses
- Warrants consent from any person who appears in a submitted photo to the use of their image by Brock University/MEOPAR for the above purposes

Submission of a photograph consents to and understands that:

- Image and text provided may be edited prior to use
- The photographer will always be identified (unless anonymity requested in submission) as part of any display of the photo
- Brock University/MEOPAR will not use the photos for any commercial purposes
- Only the original photographer (or a family member of their behalf) can submit their photo. Do not submit photos that you or a family member did not take.

If there are any people featured in the photographs, the consent form must be accompanied by a photograph release form (separate one for adults and youth). If you have any questions about this study or require further information, please contact Meredith DeCock using the contact information above. This study has been reviewed and received approval through the Research Ethics Board at Brock University (#18-063, supervisor Prof. Liette Vasseur, e-mail: [lvasseur@brocku.ca](mailto:lvasseur@brocku.ca)).

**I have read and accepted all the above conditions.**
