Request for Discontinuation
Master of Science in Applied Health Sciences

Posting Date: November 2, 2026

Brock's Faculty of Applied Health Sciences has submitted a Request to discontinue the MSc in Applied Health Sciences for approval under the Institutional Quality Assurance Processes (IQAP).

As part of that process, the Request is being made available for the information of the University community, to provide the opportunity for comment. Any comments received will be brought to the attention of the Academic Review Committee as it considers whether to approve the request to move forward to Senate.

The Request can be viewed here. The posting will remain in place for 21 days-until 4:30 p.m. on November 23, 2026.

Comments on the above proposal may be submitted by November 23, 2026 by email to Christina Phillips, Manager Quality Assurance. In submitting your response, please include the program title in the subject line.
