

Statement of Intent
Master of Science and Doctorate in Sustainable Design Engineering

Posting Date: August 28, 2023

Brock's Yousef Haj-Ahmad Department of Engineering has submitted a Statement of Intent that it wishes to submit the Master of Science in Sustainable Design Engineering program and the Doctorate in Sustainable Design Engineering program for approval under the [Institutional Quality Assurance Processes](#) (IQAP).

As part of that process, the Statement is being made available for the information of the University community, to provide the opportunity for comment prior to moving to the next step in the institutional quality assurance process.

The Statement of Intent can be viewed [here](#). The posting will remain in place for 21 days- until 4:30 p.m. on September 18, 2023.

Comments on the above proposal must be submitted by September 18, 2023 by email to the Academic Review Committee, via the Vice-Chair [Brian Power](#) and Yousef Haj-Ahmad Department of Engineering Chair [Shahryar Rahnamayan](#). In submitting your response, please include the new program title in the subject line.
