

FIVE STAGE PROCESS

Similar to the Provincial COVID-19 Response Framework, the Brock University Response/Recovery Plan consists of five distinct stages that outline operational functions or activities that may be approved, subject to applicable Public Health recommendations and regulatory requirements.

Brock 1	Brock 2	Brock 3	Brock 4	Brock 5
Lockdown - Maximum Measures	Control - Stringent Measures	Restrict - Intermediate Measures	Protect - Strengthened Measures	Prevent - Standard Measures

The following chart is intended to serve as a high-level reference to support planning efforts as Brock University adapts to changing risk levels associated with the COVID-19 pandemic. Brock University must remain prepared to pivot between stages as circumstances dictate. It is important to note that the University will not transition to a less restrictive stage of recovery unless the relevant recommended Public Health measures have been implemented and regulatory requirements are satisfied. Please consult the Brock Coronavirus FAQ for further detail: brocku.ca/coronavirus/faq

OPERATIONAL STATUS AND STAGE OF RESPONSE/RECOVERY

Operational Unit	Brock 1	Brock 2	Brock 3	Brock 4	Brock 5	
ACADEMIC	Academic Class Delivery	Online - unless qualified for provincial exemption	Primarily online with limited on-campus classes	Primarily online with limited on-campus classes	Primarily online with limited on-campus classes	On-campus / new hybrid delivery subject to restrictions
	MIWSFPA	Online	Online	Limited access with permission	Expanded access with controls	Expanded access with controls
	Exams/Testing	Online	Online	Limited on-campus testing in exceptional cases	Increased on-campus testing within safety protocols	Increased on-campus testing within safety protocols
	Library	Online / book pickup	Online / limited study space	Online / expanded study space	Online / expanded study space	Expanded subject to restrictions
FACULTY/STAFF	Research	Time-sensitive research only, including some in-person human research (prioritize student degree progression, also see FAQ)	Time-sensitive research only, including some in-person human research (prioritize student degree progression)	Time-sensitive research only, including some in-person human research (prioritize student degree progression)	Research, including some in-person human research (prioritize student degree progression)	Increased research activity
	Faculty	On-site only as required with permission	On-site only as required with permission	On-site only as required with permission	Increased access	Increased access
	Staff	Essential services on-site only	On-site only as required with permission to support operation	Additional staff, with permission, as necessary	Additional staff as necessary	Additional staff as necessary
	Faculty/Staff Travel	Local travel for research, subject to local Public Health guidance. No university business travel permitted.	Local travel for research, subject to local Public Health guidance. No university business travel permitted.	Domestic travel for research, subject to local Public Health guidance. No university business travel permitted.	International travel for research as permitted by Global Affairs travel advisories and local Public Health guidance. No university business travel permitted.	International travel for research as permitted by Global Affairs travel advisories and local Public Health guidance. University business travel as approved by SAC leader.
STUDENTS	Career & Employer Campus Engagement Activities	Online	Online	Online	Increased on-campus subject to restrictions	Increased on-campus subject to restrictions
	Work Integrated Learning (Co-Op/ Practicums/Field Placements)	Work from home (WFH) / remote or on-site for essential industry following Public Health guidelines	Work from home (WFH) / remote or on-site for essential industry following Public Health guidelines	WFH / remote or on-site following Public Health guidelines	WFH / remote or on-site following Public Health guidelines	WFH / remote or on-site following Public Health guidelines
	Academic Student Services	Online	Online	Online and limited on-site service	Increased on-site delivery with online options	Increased on-site delivery with online options
	Study Areas	Closed	Reduced capacity per area	Limited availability subject to capacity limits	Limited availability subject to capacity limits	Expanded subject to restrictions
	Student events (student-organized)	Online only	Online only	Primarily online with some exemptions based on Public Health guidelines, regulations and SERMA approval process	Primarily online with some exemptions based on Public Health guidelines, regulations and SERMA approval process	Primarily online with some exemptions based on Public Health guidelines, regulations and SERMA approval process
	Student Travel (not related to research)	Not permitted	Not permitted	Not permitted	Domestic travel for sanctioned University activities	International travel for sanctioned University activities to locations permitted by Global Affairs travel advisories
	Student Wellness and Accessibility Centre	Online service delivery	Online delivery - exception based on campus for SHS or SAS exams (capacity limits)	On campus only as required – exception based for SHS and SAS exams (O.M.A and P.H. requirements)	On campus only as required – exception based for SHS and SAS exams (O.M.A and P.H. requirements)	Subject to guidance
ATHLETICS / REC	Varsity Athletics	Online	Varsity training plans subject to restrictions and reduced capacity limit	Varsity training plans subject to restrictions and capacity limits	Expanded activity with controls - subject to guidance / direction	Expanded activity with controls - subject to guidance / direction
	Recreation (General)	Online	Individual recreation – open to students subject to restrictions, reduced capacity and controls	Open subject to restrictions and capacity limits	Open subject to restrictions and capacity limits	Open subject to restrictions and capacity limits
	Fitness / Exercise Areas	Online	Open to students – subject to restrictions and reduced capacity	Open subject to restrictions and capacity limits	Open subject to restrictions and capacity limits	Open subject to restrictions and capacity limits
	Recreation (Pool)	Closed	Open to students – subject to restrictions and reduced capacity	Open - subject to restrictions and capacity limits	Open subject to restrictions and capacity limits	Open subject to restrictions and capacity limits
ON CAMPUS	Campus Store	Online	Online / in-store subject to restrictions	Online / in-store subject to restrictions	Online / in-store subject to restrictions	Online / in-store subject to restrictions
	Computer Commons	Closed	Open – subject to restrictions and limited capacity	Open – subject to restrictions and capacity limits	Open – subject to restrictions and capacity limits	Open – subject to restrictions and capacity limits
	Conference Services	Suspended	Suspended	Suspended	Limited/subject to restrictions	Limited/subject to restrictions
	Dining Services	Takeout only	Takeout only	Takeout / limited indoor dining subject to restrictions	Takeout / expanded indoor dining subject to restrictions	Takeout / expanded indoor dining subject to restrictions
