OVERNIGHT SCHOOL TRIPS CANCELLATION & INSURANCE

Standard cancellation policy without cancellation insurance

In order to keep our prices affordable to as many as possible, we have instituted the following registration policy:

Registration
begins in
September

\$500 non-
refundable deposit
saves
your date

50% of fees
are due by
January 30

Final payment
due by
April 30

- All cancellations prior to January 30 will forfeit only the \$500 deposit.
- 50% of fees are due on January 30. Full fees are due on April 30.
- These fees are non-refundable without cancellation insurance.

Cancellation insurance policy

We highly recommend schools choose cancellation insurance for the benefit and peace of mind of parents, teachers and schools.

To help you with the logistics of planning your trip to Youth University we offer student trip cancellation insurance. Purchasing cancellation insurance ensures that parents are reimbursed their full, unused fees, which have been paid to Brock University if their child becomes sick or is unable to attend the trip for any other reason.

Our insurance covers a cancellation of the trip for any reason. We commonly find reasons include:

- Change in health (broken bone, sick, etc)
- Unwillingness to attend or a change of mind
- Family emergencies
- Poor behaviour or missing assignments
- Scheduling conflicts due to sports tournaments or other engagements.

Benefits:

- Prior to arrival and including the day of arrival: Full reimbursement of trip fees paid to Brock University
- During the trip: Reimbursement of trip fees paid to Brock University is refunded based on percentage of the trip remaining (minus insurance fees).

Notes:

1. Refunds do not include insurance price (\$20.00 per student).
2. Cancellation insurance only applies to Brock University fees and does not include other costs that the school may have incurred such as bus fees.
3. Registration for cancellation insurance occurs at the time of registration and is collected as the first deposit payment due two weeks after registration.
4. The decision to purchase insurance is made by the group/school rather than by the individual participant. When insurance is purchased upon registration, refunds will be issued according to the cancellation insurance policy benefits. Our standard cancellation policy is in effect when insurance is not purchased upon registration.
