

DEVELOPING LEADERS FOR THE 21ST CENTURY

We teach transferable life, learning, and career skills

We cultivate curiosity about the world across all subject areas

We provide information and inspiration for lifelong education

OUR EDUCATIONAL PHILOSOPHY integrates individual uniqueness, community-building, shared fun, and experiential education for a fully transformative experience.

During our programs young people:

- feel valued, find commonalities, build relationships
- learn about negotiating educational and career pathways
- learn skills to solve problems and work with others
- have a post-secondary education experience
- further their interests, find their niche, develop a passion
- become informed, skilled, and inspired for the future

4700+
school trip participants

1200+
youth and families

100+
unique programs

100 000+
hours of programming
